The American Veterinary Medical Law Association, incorporated in 1994, is an international association of attorneys, veterinarians, and other individuals and organizations with an interest in veterinary medical law and how it pertains to the veterinary profession and allied fields.

**AVMLA OBJECTIVES**

- Provide information to members regarding pertinent issues in the field of veterinary medical law.
- Increase public awareness and understanding of the impact of law on all aspects of veterinary medicine.
- Facilitate interactions among organizations, regulatory agencies, and the courts for the benefit of society.

**NETWORKING OPPORTUNITIES**

The diverse membership of the AVMLA provides a unique forum for discussion of issues and dissemination of information. The AVMLA listserv and annual conference give members an opportunity to establish professional networks for mutual benefit. These venues facilitate discussion of emerging veterinary medical law issues by veterinarians, attorneys, and other interested individuals working in educational institutions, industry, professional associations, government agencies, and both legal and veterinary private practices.

**AVMLA ANNUAL CONFERENCE**

Each year the AVMLA holds an educational conference in conjunction with the American Veterinary Medical Association’s annual convention. The AVMLA conference includes 6-8 hours of in-depth presentations relevant to the diverse constituencies represented in the Association’s membership. The annual conference may be eligible for continuing legal education credit. Topics may include:

- Business structures available to veterinarians
- Employment and contract law
- Animal law
- Occupational health and safety regulation
- Veterinary medical malpractice and compensable damages
- Professional licensing, disciplinary procedures, and changes to state practice acts
- Current and pending statutes and regulations to animal welfare and veterinary care
- Recent developments in case law
- Veterinary medical ethics
- Peer review and grievance procedures
- Use and regulation of animal drugs and medicated feed
- Animal import and export laws
- Education of current and future veterinarians about these and other timely issues

**AVMLA PUBLICATIONS**

AVMLA publishes a newsletter containing news of legal matters relating to veterinary medicine and veterinarians. The newsletter is sent without charge to all AVMLA members and all veterinary colleges in the United States and Canada. AVMLA also publishes proceedings of AVMLA annual conferences. Additionally, AVMLA members submit articles and comments by request to publications such as the Journal of the American Veterinary Medical Association. AVMLA members are encouraged to submit articles to the newsletter and to contribute to other publications.

**MEMBERSHIP**

AVMLA membership is available to any veterinarian, attorney, or student enrolled in a school or college of veterinary medicine or law residing in the United States or Canada. Other individuals or organizations having interests compatible with AVMLA's objectives may become associate members of AVMLA. Many AVMLA members hold professional degrees in both veterinary medicine and law. Student members are enrolled in a school or college of veterinary medicine or law.
